Hello all!

It's been a long time coming, but I have finally strung together all of the Multiparameter Monitor videos! The full video is about 16 minutes long, but it will be divided into seven chapters once uploaded to Vimeo and YouTube.

That said, I thought the easiest way to proof the video would be to separate it into the seven individual chapters and put 1–2 chapters into proof at a time. Once the first two chapters are approved, I'll move forward with chapters 3–4, and so on.

In the attached document, you should be able to click on each chapter, which will take you to the corresponding video in AEM. From there, the video will be available for you to download and review.

If you have any suggestions or edits, please leave them in the following format:

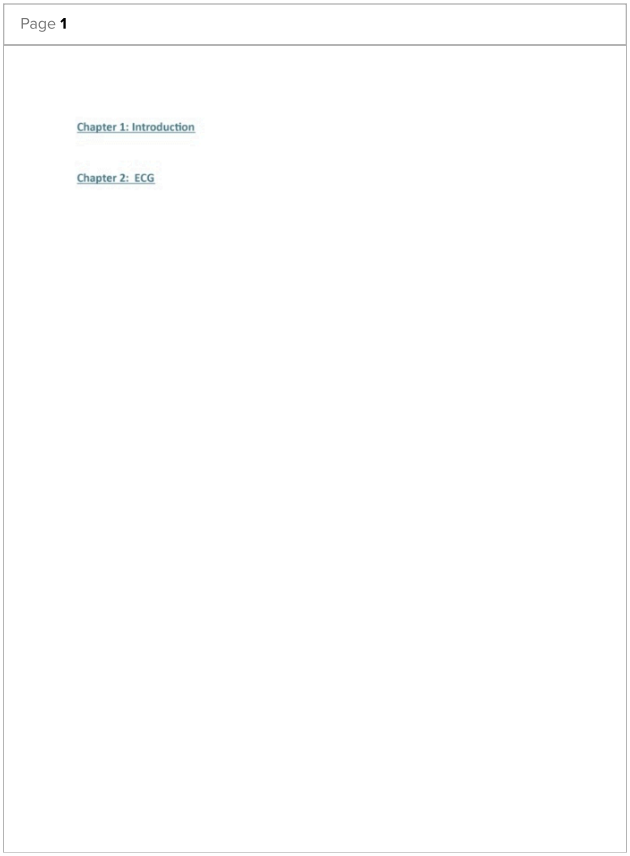

Example:
4:22 – Change typo in the word "monitor."

Thank you! I'm looking forward to finally pushing this project across the finish line!

1.1 **Karen Herndon** 9 Sep 2026 21:51

Sami Michaelis **Penny McKenna** Proof team: Just a reminder that the footage and sound is what it is- so edits will need to be limited to the basics, like Quinn's example. Thank you for being additional sets of eyes on this monster!

Chapter 1: Introduction

Chapter 2: ECG

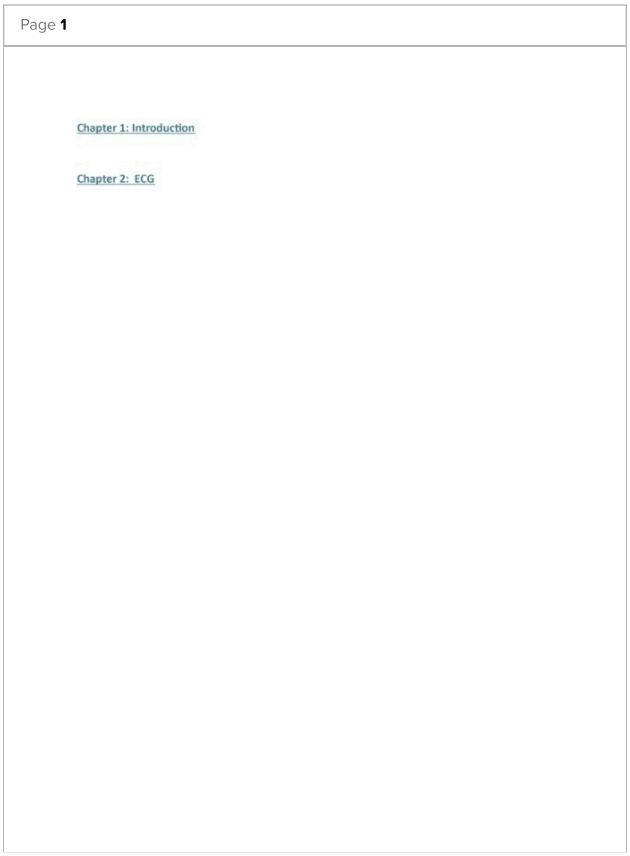

2 **Sami Michaelis** 9 Sep 2026 15:02

This looks good Quinn - can we add Mandi to review before I sign off?

2.1 **Karen Herndon** 9 Sep 2026 21:58

No worries Sami, she has already reviewed and she helped identify the appropriate spots for chapters. WOOT!!

4 **Mandi Gerigk** 22 Sep 2026 21:31

I actually don't have access to be able to open this but seeing that it is not the full thing, it is probably what I already looked at. I can wait till you guys make your tweaks and comments and then look at the full length when it is pulled together. I beat this up already with Quinn pretty good.

4.1 **Quinn Sholtis** 28 Sep 2026 12:58

Hey **Mandi Gerigk**, sorry about that! I will change that next round. It is the same videos that you approved though!

✓ RESOLVED

1:56 - Need to highlight where in the status bar to click to get to the date/time settings for change. Assuming you click on the actual date/time to open the menu?

5.1 **Penny McKenna** 24 Sep 2026 14:49

Sami Michaelis can you confirm?

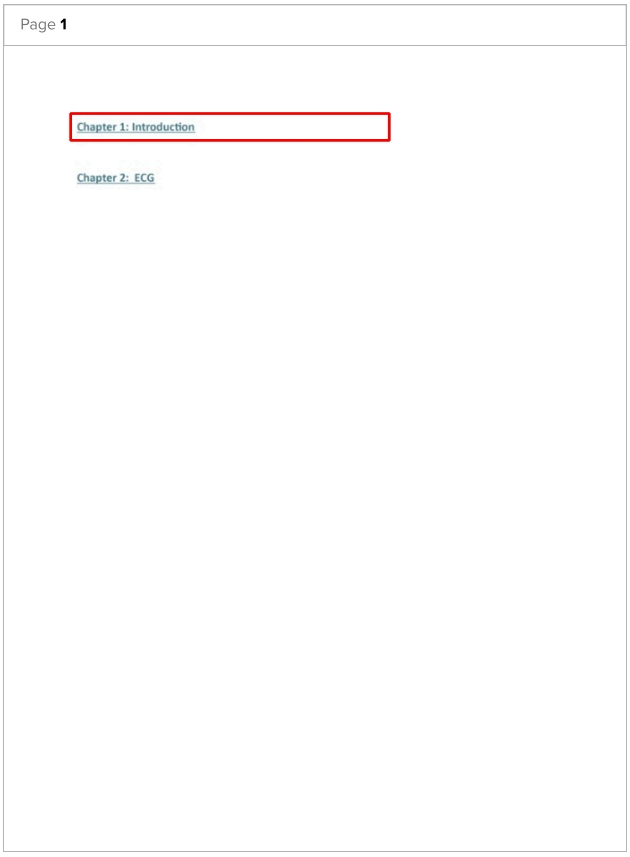

5.2 **Sami Michaelis** 25 Sep 2026 14:40

Correct

5.3 **Thread resolved** 28 Sep 2026 13:07

This thread was resolved by Quinn Sholtis

6 **Penny McKenna** 24 Sep 2026 14:52

✓ RESOLVED

2:18 - 2:38 the image has a pen marking on the base under the monitor. Can that mark be photo shopped out?

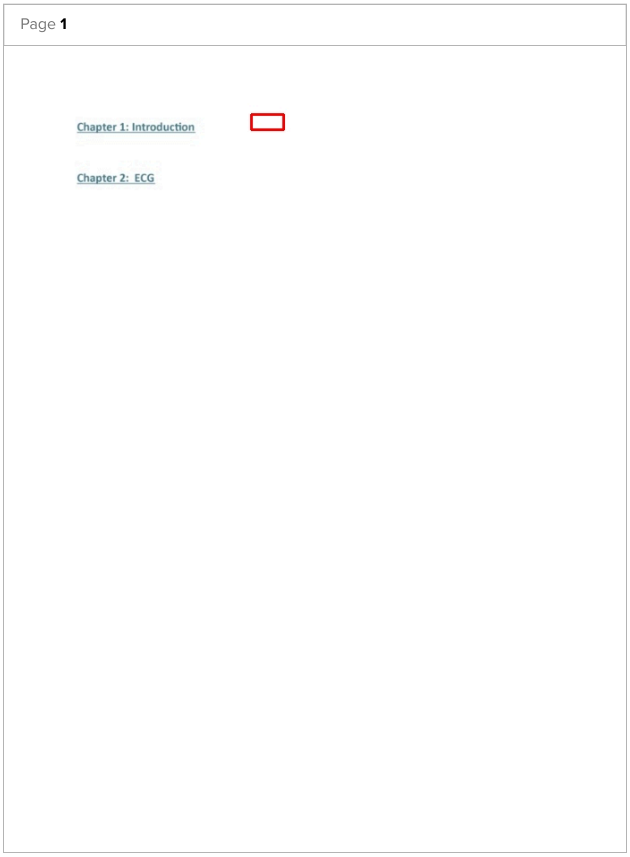

6.1 **Quinn Sholtis** 28 Sep 2026 13:15

Penny McKenna got it!

Hello everyone! Moving on to chapter 3-4 which can be found in the document, or you can access below, If you have a change in mind, please follow the same process as the first round! Example:
4:22 – Change typo in the word “monitor.”

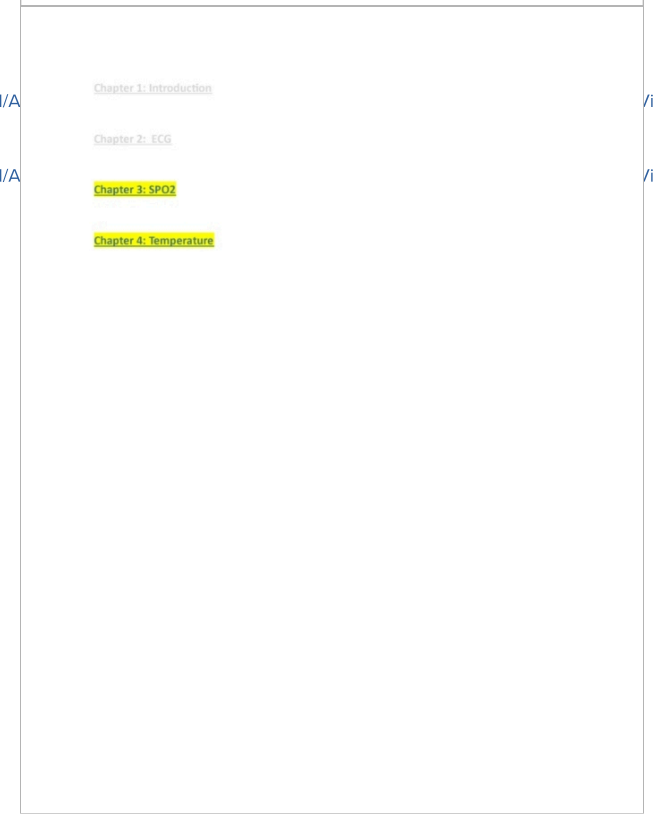

Chapter 3:
https://experience.adobe.com/#/@midmark/assets/detail/content/dam/WorkfrontDAM/A /ideo%2 %20SPO2.mp4

Chapter 4:
https://experience.adobe.com/#/@midmark/assets/detail/content/dam/WorkfrontDAM/A /ideo%2 %20Temperature.mp4

Thank you!

Hello! These are the final chapters of this VIdeo. When the chapters are through proofing, we can discuss how we would like to publish. Thanks!

Mandi Gerigk I will send you these chapters separately.

1:09 ish. It's the last slide before the outro. We should include at least the tech support phone number written on the slide.
